Guide for Completing the Final Year Project (FYP) / Dissertation Information Collection Form

This guide provides clear, step-by-step instructions for completing and confirming the Final Year Project (FYP) / Dissertation Information Collection Form via e-Bridge.

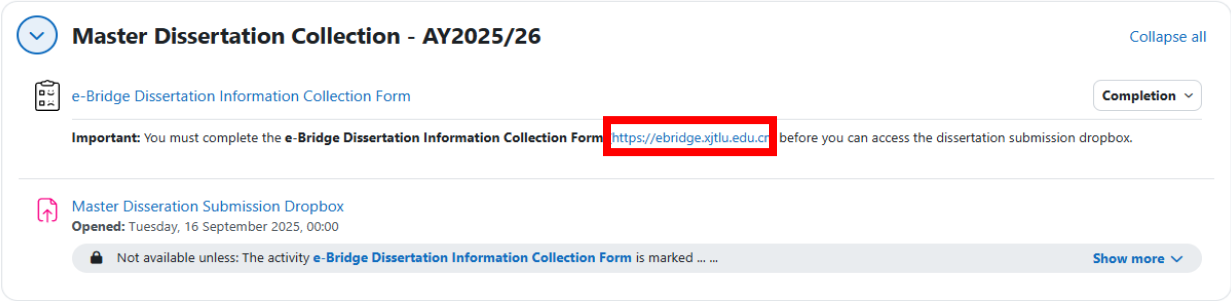
It is organised into two parts based on user roles: Part 1 is intended for student users and explains how to complete and submit the required information, while Part 2 is designed for supervisor users and outlines the process for reviewing and confirming student submissions.

Following the relevant section will help ensure the process is completed accurately and efficiently for all users involved.

Part 1: for students:

All final-year undergraduates and master's students are required to complete the FYP/Dissertation Information Collection Form in e-Bridge (https://ebridge.xjtlu.edu.cn) before they can access the submission dropbox for the final year project or dissertation.

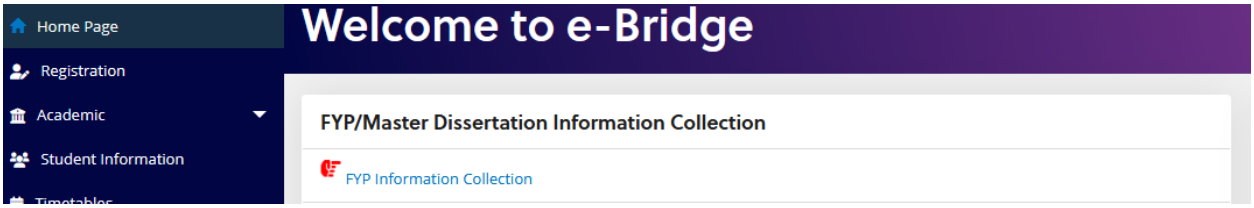
The link to the form is also available on the FYP/Dissertation module page on the Learning Mall (LM) platform.



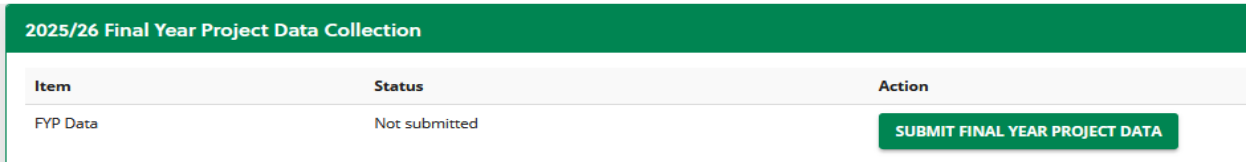
Steps to Complete the Information Collection Form:

1. Log in to e-Bridge, navigate to the homepage and click the link:

- **Undergraduate students**: FYP Information Collection;
- **Master's students**: Master Dissertation Information Collection.



2. Click on **"Submit Final Year Project Data"** or **"Submit Dissertation Data"** to access the information collection form.



3. Complete the form in accordance with the specified requirements. Upon completion, you may save or preview the form before submission.

7. Source of Topic 选题来源

The source of the topic refers to the basis for selecting the topic of a graduation thesis or graduation design; 选题来源是指毕业论文或毕业设计的选题依据；
If your topic is set by your supervisor and the project is not funded by the university or external institutions, please choose "Non-Funded Project"; 若你的选题是导师设定或推荐的，且该研究项目未被学校或外部机构立项，请选择"非立项"；
If your topic is your supervisor's project with funding support by the University, please choose "University's Self-Selected Project"; 若你的选题是导师的校内研究项目，且享有学校的研究经费支持，请选择"学校自选项目"；
If you are unclear about the topic selection of your FYP, you are advised to consult your supervisor. 若你不清楚你的毕业论文/毕业设计的选题来源，建议咨询你的导师。
